## HE Enrichment and Support at LaSWAP

Universities and employers consistently say they are looking for Busy Achievers.

The LaSwap enrichment programme helps you prove that you are a busy achiever and makes you stand out to universities and employers.

The size of the consortium allows more effective support for your university UCAS applications. Our Higher Education University Day brings together over 30 Higher Education speakers. We have 2 very experienced permanent HE advisers working for LaSWAP. Our students tell us that they are better prepared for university once they get there. Have a look at what they say on our website [www.laswap.camden.sch.uk/LaSWAP life/university](http://www.laswap.camden.sch.uk/LaSWAP%20life/university).

- London University Taster Courses
- Girton College Access to Oxbridge Group
